EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application is in condition for allowance except for the presence of claims 20-31 directed to an invention non-elected without traverse in the reply filed on September 17, 2004.

Accordingly, claims 20-31 have been canceled.

Allowable Subject Matter

2. Claims 1-19 and 32-50 are allowed.
3. The following is an examiner's statement of reasons for allowance:
4. The prior arts of record do not anticipate or render obvious to one of ordinary skill in the art a liquid crystal display device comprising various elements as claimed, more specifically each of the gate lines having a first set of protrusions and depressions extending in a direction substantially perpendicular to a surface of the substrate on which the gate lines are arranged and a metal layer overlapping each of the gate lines to create a storage capacitor, the metal layer having at least one set of protrusions and depressions extending in a direction substantially perpendicular to a surface on which the metal layer is formed, is considered novel.
5. The newly cited reference USPAT 6,900,852 is related to a liquid crystal display device wherein the storage capacitor line (118) has independent electrode (107) protruding from the capacitor line (Fig. 3). However, all of the prior arts alone or in combination with any other prior art references fail to teach or suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tarifur R. Chowdhury
